WORK EXPERIENCE

19 FEB 2024 – CURRENT Tilburg, Netherlands
SOFTWARE DEVELOPER INTERNSHIP BASIC-FIT

This is my graduation internship, which is the final stage of my education in Fontys.
Responsibilities:
- The creation of a centralized New Relic dashboard, providing key metrics from all the customer journeys within Basic-Fit's software, such as conversion rates, drop-offs, errors, funnel progressions, session times, etc.;
- The creation of an alerting system that notifies stakeholders when abnormal behavior is detected within one of the customer journeys.
- Getting acquainted with the work structure at Basic-Fit.
- Familiarizing myself with one of the development teams in order to join it after graduation.

1 JUL 2022 – 1 APR 2023 Venlo, Netherlands
JUNIOR ANGULAR DEVELOPER BULL44

Bull44 is a startup company which is working on creating a stock & crypto trading platform, in the form of a web application.
Responsibilities:
- Improved user experience on a stock & crypto trading platform web application;
- Creation of new web pages using Angular;
- Fixing frontend bugs to ensure a smooth operation of the application (prevention of crashes, reducing the processing time);
- Improved data visualisation in graphs and tables;
Achievements:
- Successfully implemented new features to improve the user experience, resulting in positive feedback from the users;
- Streamlined data visualisation in graphs and tables, making it easier for users to understand market trends;
- Collaborated effectively with team members to resolve bugs and improve overall functionality of the platform;
- Refactored the code to eliminate duplication and to ensure scalability;
- Created the mobile version of the web application (I was the lead developer on this task);
- Helped improve the security of the frontend;

7 FEB 2022 – 30 JUN 2022 Venlo, Netherlands
WEB DEVELOPER INTERNSHIP BULL44

This internship was part of my education in Fontys ICT, during the fifth semester.
Responsibilities:
- Improved user experience on a stock & crypto trading platform in the form of a web application;
- Creation of new web pages using Angular;
- Research documentation;
Achievements:
- I experienced my first time working in ICT, in a small startup company that helped me grow and develop my skills;

- I learned Angular by working on the company's web application;
- I researched new ideas and improvements for the existing web pages;
- I experimented by turning my ideas into reality, through the creation of new web pages;
- I performed some minor attacks to see how the frontend reacts;

VOLUNTEERING

10 APR 2016 – 27 NOV 2017 Shakespeare School, Bucharest, Romania
English teacher volunteer

I volunteered to teach English to young children from families who could not afford extracurricular activities. I guided them through the first steps towards learning a new language with materials from Shakespeare school.

1 MAR 2023 – 20 APR 2023 Fontys Rachelsmolen 10, Eindhoven, the Netherlands
Pulsed For Good volunteer

During the Embrace TEC minor coordinated by Fontys Pulsed, I was part of a team of volunteers who raised funds for the victims of the earthquake in Turkey and Syria, from February 2023. My team focused on organizing an event with pop quizzes, food and drinks, a live band, and other means of entertainment. All the money raised from this event will be sent to charitable organizations that helped the Turkish and Syrian victims.

1 JUN 2023 – 1 JUL 2023 Fontys Rachelsmolen 10, Eindhoven, the Netherlands
Pulsed for Good volunteer

During the Embrace TEC minor coordinated by Fontys Pulsed, I was part of a team of volunteers that created a software course for the children of the Amy Foundation, in South Africa. The goal of this was to teach the young students the basics of coding, and enable them to find a well paying job in ICT anywhere in the world.

COMMUNICATION AND INTERPERSONAL SKILLS

Communication and interpersonal skills

- Able to work and communicate with different kinds of people gathered from various school projects, working with students from other classes and other nationalities;
- Responsible for the task that has been assigned to me;
- Actively listening to suggestions and ideas that the stakeholders have regarding various topics;
